not require his travelling much

Submitted to His Highness.

These papers relate to the sanction of a permanent travelling allowance to Mr. G.H. Krumbiegel, Superintendent of Government Gardens.

2. In his letter No.233 dated 13th November 1911 Mr. Krumbiegel requested that a loan of Rs.4,500 may be granted to him to purchase a motor car and that a fixed monthly allowance of Rs.100 may be sanctioned for maintaining the car.

3. In Government Order No.G 3581-2 dated 23rd December 1911 an advance of three months pay was granted for the purchase of a car and the question of grant of an allowance was reserved for further consideration.

4. The subject was considered in Council and the Council are of opinion that a permanent travelling allowance of Rs.75 per month may be sanctioned. An extract of the Council Proceedings is appended hereto.

5. The allowance recommended may be sanctioned.

fixed T.A.

My dear Sir,

I am directed to return File No. 183 dated 28-4-12 and to enquire whether the allowance of Rs. 75/- proposed is in lieu of all other Travelling allowance hitherto drawn by Mr. Arumbelgel.

It appears from Mr. Arumbelgel's application that he still contemplated drawing the usual T.A. for journeys outside the Bangalore District and it is very doubtful whether he will appreciate the grant of the fixed T.A. now proposed. It is even possible that he may be a considerable loser by the arrangement. His Highness would like this point to be verified before passing orders.

Yours sincerely,

To Asst Secy No II for favour noting ~~the~~
on the point mentioned in the Secretary's
note of 4.5.12.

The Council Resolution is to the effect-
that the fixed T.A. may be given 'subject
to the rules of the M.S.R Arts. 570 to 576.'
What would be the exact effect of such an
Order? Mr Krumbeigle says he is prepared
to forego claims for travelling 'not only within
headquarters limits, but within the Bangalore
District itself'. (Vide last para on page 3 of his
letter of 13.11.11.). This means, of course, that he
would claim T.A. for other journeys irrespective
of the fixed allowance. ~~but~~^{would} this be allowable
under the rules, and with a fixed allowance
as proposed to be sanctioned in the file?

1/2
6.5.12

I presume that the intention of the Council was to
fix the Bangalore District as his area of jurisdiction,
as they contemplate the commutation of such
allowance under articles 570 to 576 M.S.R.

If this view is correct Mr Krumbeigle will be a
gainer for whether he travels or not he always gets
75 Rs p.m. and when he travels beyond his jurisdiction
he can, if he chooses, draw the amount admissible
under the ordinary rules deducting therefrom the

~~but if the 75 is not~~

journeys within the area of jurisdiction (Vir Bangalore
District) are concerned, he does not ordinarily get
anything more but even in such cases he can
under the special orders of Govt get something
more under article 573 (Vir allowances admissible
under Chapter X ~~XXII~~ - double permanent allowance)
in addition to his permanent allowance.

But if the allowance is to be treated
as in lieu of all other T. a. he is at a disadvantage
for under the ordinary rules he gets more, as is
seen from the statement of the allowances drawn
by him during the last three years.

But there is one other point
worthy of consideration. Mr Kumbhaji's duties as
enumerated by him in his letter are all confined to
the city of Bangalore ~~to the~~ - excepting places
far distant such as Soli, Serinapatam, ~~Kumbhaji~~
etc. Treating the Bangalore District as his
jurisdiction is more in the nature of a fiction -
his proper jurisdiction being the town of Bangalore
alone. Under this view, the permanent allowance
that may be given to him is not one under article
570-576 but a conveyance allowance under
article 597 and to such an allowance an officer
of his high pay is not entitled as he is expected to

Further note on the assumption that he is to be ^{a Provincial} treated as an Officer with ~~pro~~ jurisdiction covering all the places where he has duty.

In this case he can exchange his permanent allowance under article 572 if the conditions therein specified are fulfilled; ~~if he~~ ~~will get for~~ the conditions to be fulfilled are

1) that his actual expenses for a duly authorized journey by public conveyance should exceed twice the amount of his permanent allowance i.e. 5 Rs a day.

2) The Govt should allow ^{the exchange} by a Special or General order.

If these conditions are fulfilled he will get the ordinary allowances admissible under Chap XXII (i.e. mileage & Double Ry Fare etc) minus twice permanent allowance in addition to his usual permanent allowance i.e. Mileage (or Double Ry Fare) - Permits Allowance. So, for every such journey he makes, he will ~~get~~ ^{get} $2\frac{1}{2}$ Rs per day less than if he had what he would get if he had not got the permanent allowance. If he makes 10 such journeys in a month he gets mileage - $10 \times 2\frac{1}{2}$ + $20 \times 2\frac{1}{2}$

= mileage + 25 Rs & is

Serial
No.

Thus a farmer - If he makes 15 such
journeys he gets mileage - $15 \times 2\frac{1}{2} + 15 \times 2\frac{1}{2}$
= mileage exactly and he is neither a farmer nor
a loser. If he makes more than 15 such
journeys he will be worse off than one without
a permanent allowance if. if he makes 20
such journeys he gets mileage - $20 \times 2\frac{1}{2} + 10 \times 2\frac{1}{2}$
= mileage - 25.

If however the conditions of article 572
are not satisfied, he can get only the $2\frac{1}{2}$ Rs
a day although he may under the ordinary
rules be entitled to more - Thus if ^{on} a railway
journey he is to get 4 Rs under the ordinary
rules, he cannot draw it but must be
content with the $2\frac{1}{2}$ Rs - He will thus lose
by such journeys.

If therefore he has a lot
of travelling to do and is likely to perform
more than 15 journeys in a month
fulfilling the conditions of article 572,
the T.A. he can get is ~~much~~ less than
what he would get if he had no
permanent allowance, and he loses also
by having to perform journeys which do not
come under article 572 but which would
give more ^{than 2 1/2 Rs} under the ordinary rules.

But as a sort of compensation he gets

Dated. 11th June 1912.

G. H. KRUMBIEGEL, F.R.H.S.,
Economic Botanist.

DIARY No. 5379

My dear Sir,

I am obliged to you for your informal reference regarding my permanent travelling allowance.

I note it is proposed to fix it at Rs.75/- for Bangalore Head-quarters and that it may be exchanged for -- ordinary allowance under rules quoted.

While appreciating the consideration given to my request, I apprehend some drawbacks in the proposed arrangement.

My inspection work within head-quarters limits will come to an average of 15 miles per diem, and allowing 10 days for absence from head-quarters per month comes to 300 miles actual running which would amount at the usual -- mileage to Rs.150/-

I am satisfied with half of this i.e. Rs.75/- as

as a conveyance allowance.

Now, as I have said before, there are within a belt of about 10 miles outside the 5 mile head-quarters radius a vast number of fruit-growers, ignorant and in the hands of contractors, to whom a little advice would of the great -est help and to these I want to extend my inspection.

According to the articles proposed I could not draw mileage unless the journey was double that of the daily -- allowance and I should be a heavy loser on such journeys - besides the terms " actual expenses" "allowance for the -- period occupied" " duly authorised journey" &c. would lead to endless audit queries and objections.

Moreover, in case of inspection at some of the distric -ts and Ooty where the car cannot be taken, I should lose the allowance notwithstanding that I have to maintain man and car here and that the allowance is really only calcula- ted on 20 days and at half mileage.

I humbly beg to submit that my case comes under sec- tion VI " conveyance allowance" and is appropriately pro- vided for under Art. 597 & 598 of the Regulation.

Under these

Under these articles the allowance of Rs.75/- for head-quarter (the usual 5 mile radius) is adequate but as such -- allowance has to be sanctioned by Government in each case there would be no difficulty to make the allowance Rs.100/- and fix the head-quarters radius ~~of 10 miles~~ which would bring within its range practically all these ~~Fruit-gardens~~ in question. It is a small amount well spent in affording advice to the fruit growers and is more beneficial to Government than paying --- mileage, as the latter on these trips would amount to a much higher figure.

Thanking you for giving this case your favorable consideration.

Yours Sincerely

NOTE—Contn. sheet.

11-38-4 26

Submitted to His Highness.

With my submission note No.183 dated 26th

11.01.1912

April 1912, I submitted for the orders of His Highness an extract of Council Resolution recommending the grant to Mr. G.H. Krumbiegel of a permanent travelling allowance of Rs.75 per mensem, subject to the rules of the Mysore Service Regulations, Articles 570 to 576.

2. While returning the papers with his D.O. letter No.371 dated 30th April 1912, Mr. Campbell enquired whether the allowance proposed was in lieu of all the Travelling allowance hitherto drawn by Mr. Krumbiegel and expressed a doubt whether he will appreciate the grant of the fixed Travelling allowance now proposed, as it was possible that he may be a considerable loser by the arrangement.

3. The position has again been examined by the Financial Department and the Assistant Secretary who has discussed the situation at length, is of opinion that 'on the whole he (Mr. Krumbiegel) will be a gainer by the grant of the permanent allowance, if the Government allow him the benefit of Article 572' (3rd edition). The corresponding article in the new edition is article 574 which permits an officer in receipt of a permanent tra-

38-121 27

travelling allowance to draw in addition the difference between the allowances admissible under Chapter XXXII (Mileage allowances) and twice the amount of permanent allowance for the period. The benefit of this article and of article 575 which permits the exchange of the permanent allowance for a period covered by a journey for the ordinary travelling allowance, was indeed intended to be granted to Mr. Krumbiegel. Under the circumstance Mr. Krumbiegel will run no chance of being a loser by the arrangement.

4. I considered it advisable to consult Mr. Krumbiegel himself in the matter and his reply No. 592 dated 11th June 1912 is put up in the file. He contends that his case is one for 'a conveyance allowance' contemplated by articles 497 and 498 of the Civil Service Regulations and is prepared to accept Rs. 75 per mensem as an adequate allowance for headquarter with the usual limitation of 5 mile radius. He however suggests that it would be an advantage to extend the limit to ten mile radius which would bring in all the private fruit gardens to whom he is willing to extend his advice, and proposes that his allowance may be increased to Rs. 100 so as to cover the additional journey involved.

5. In view of the nature of Mr. Krumbiegel's duties, the conveyance allowance contemplated by article 597 appears to be more suitable, but it seems to me to be unnecessary to change the usual limit of 5 mile radius. After all

if the private owners require the services of Mr. Krumbiegel, the proper course is for them to apply to Government for his services.

6. As agreed to by both the Councillors a conveyance allowance of Rs.75 per mensem may be granted to Mr. Krumbiegel. The Financial Secretary is of opinion that the best thing would be to drop the question of a fixed allowance, or if an allowance is to be given, Rs.100 may be sanctioned, but the whole of the Mysore State should be regarded as jurisdiction.

7. I submit the papers for the orders of His Highness.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Offg. Secretary to the Government of His Highness the
Maharaja of Mysore, General and Revenue Departments.

Sir,

I beg leave to lay before you, with a request to submit to Government - for favourable consideration, this, an application, for granting to me a fixed monthly travelling allowance pertaining to my work in and about Bangalore.

I may, at the outset, say that Mr. Cameron drew a horse allowance of Rs. 30/- per mensem for his outdoor work in Bangalore.

In Baroda, Officers who have outdoor duties draw a permanent or head-Quarter travelling allowance as a matter of course, and this allowance is regulated by the scale of their salary. Knowing that Mr. Cameron drew an allowance I presumed that things were the same here. This presumption was wrong and I blame entirely myself for it.

When, after my arrival I found that the allowance was not attached to -- the post but was personal I intended to apply and I have no doubt Government would have granted the same amount as given to Mr. Cameron but I felt that with the wider sphere of work which I was expected to undertake that allowance -- would not be adequate, at the same time I thought that I should first gain -- some idea about the extent of travelling involved before I would be justified to ask for an enhanced allowance.

Reluctance to press personal requests has so long deferred this application meanwhile I have realised that no matter how much I spent in conveyance -- or however willingly I undergo the physical exertion of using a bicycle where possible, the time taken up by this mode of travelling seriously shortens the time I ought to be able to spend on the actual site of work, and in the office, and that it also entirely precludes my visiting places in the distant suburbs of Bangalore where much important work has to be seen to.

I therefore

I therefore trust that Government will view in the right light the request I now make, i.e.

(1) To grant me a fixed monthly allowance of Rs.100/- for maintaining a Motor Car.

(2) To grant a loan of about Rs.4500/- on the condition laid down for such loans for the purchase of this Motor Car.

My work is manifold, comprising:-

(1) The Administration of Lal-Bagh, Sunkal Experiment Station and Cubbon Park.

(2) As Superintendent of Museum, the administration of that Institution.

(3) As Superintendent, Bangalore Palace, the directions of work in the House and Gardens, Pologround, Pumping Station, etc.

(4) As Municipal Councillor, the attendance at Meetings, Sub Committee and after inspection of outdoor works such as Sewage Farms, City Improvement, etc.

(5) The Mysore Gardens and Seringapatam require a great deal of personal directions, planning and advising duties.

(6) As President of the Exhibition Committee I have a great deal of work at Mysore at the time of the Exhibition and administrative work from Bangalore throughout the year, much of which pertains to the Exhibits sent by us to other Exhibitions in India and England.

(7) Work at Ooty requires directions on the spot and planning and correspondence from here.

(8) Nandidroog Garden is a similar case.

(9) As Member of the Conference and Agricultural Committee the attendance at regular Sub-Committee Meetings, the training of scholarship holder, etc. does, and will require a certain amount of time and moving about.

(10) Other Gardens such as the College, Institution of Science, --- Residency, Private Gardens, local Nurserymen, Fruit and other Plantations within 8 to 15 miles of Bangalore frequently ^{require} request inspection and technical advice; only yesterday a man from Whitefield brought me an apple tree completely destroyed by American blight and he has some 5000 trees

similarly

3
similarly affected. The disease being at the root he has not discovered it till too late. I should have recognised it month ago - had I been inspecting and thus not only saved the plantation but -- also avoided the danger of the spread of the disease to other places.

Much work remains also to be done in the other Districts which - however has been a physical impossibility to attend to.

Apart from ordinary inspection, the management of all the above - works also entails frequently visits to Firms, workshops, the Press, - and other offices.

The nature of my work is such that personal attention to details and directions given on the spot is of paramount importance to its - success and to do even ordinary justice to it I have to be out from - early morning to 12 noon (and even later).

Further more, the administrative details, a routine office work -- arising out of the work have increased enormously and what with accumulations during absence from headquarters I get no time during the - reduced office hours to attend to important work such as Reports, Experimental Schemes, Bulletins, etc.

Now while I do not in the least complain of the heavy work it nevertheless is a constant and increasing mental strain and anxiety -- caused mainly through want of proper facility for efficient inspection and control.

With a Motor Car I shall be able to effect a great saving of time on the Road and not only visit and inspect places that are now out of my reach, but also pay more frequent visits to regular works and yet gain at least an extra hour daily for the special office work.

I am confident that Government will not misinterpret my request, but that they will realise that I make it solely in the interest of - the work.

Being given the means of maintaining a Motor Car I would be quite willing that this allowance should cover all inspections not only -- within headquarters limits but within the Bangalore District itself - and I trust that for this extended area the allowance prayed for will be considered very moderate if not underestimated.

In view

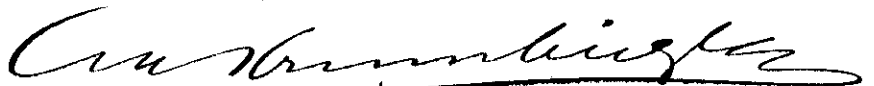

In view of the recent increase to my salary graciously granted by His Highness the Maharaja, it may appear unreasonable for me to -
make this further request but I would say that ^{it is} this increase which -
will enable me to pay off the loan for the Motor and will also have -
to be utilised for future renewals.

In conclusion I would esteem it a special favour if this my
application ^{is} ~~was~~ laid before Government as early as possible so as to
enable me to take advantage of the Motor sales at Delhi after the --
Durbar, for I could not otherwise get a Motor Car for Rs.4,500/- which
would be suitable for rough district- work.

Submitted to His Highness.

Mr. S. Hiriyannaiya M.A., B.L., Assistant Commissioner (5th class) and Assistant Secretary to Government, has put in three years' service on a substantive pay of Rs.250 per mensem. His promotion to the Fourth class of Assistant Commissioners agreed to by both the Councillors may be sanctioned with effect from the 8th June 1911.

2. He has had uncommonly heavy and difficult work to do in connection with the Legislative measures recently passed and he has by doing it all well, richly earned this routine promotion and something more.
